

HEALTH AND MEDICAL INFORMATION REPORT

May 2013

AMERICAN CONSULATE GENERAL THESSALONIKI, GREECE

LIST OF PHYSICIANS

The American Consulate General, Thessaloniki has prepared this list from information supplied by the physicians themselves. The listing of a physician in no sense constitutes a recommendation by the Consulate General. Moreover, the Consulate General assumes no responsibility for the professional ability or integrity of the persons whose names appear on the list. The names are listed alphabetically and the order in which they appear has no other significance.

Generally speaking, the physicians have gained familiarity with American medical practices and standards by having trained and/or practiced in the United States. This list is not, however, all inclusive; the names of many qualified physicians or specialists do not appear on this list. They

are not listed because: a) they have not applied for inclusion, or b) they have not trained or practiced in the United States.

Medical Association of Thessaloniki: Platia Aristotelous 4, 54623 Thessaloniki, Greece. Tel. 2310-273755.

EMERGENCIES

Emergency cases, after hours, are handled by Duty Hospitals. The Red Cross, telephone 531-531, will handle off-hour emergencies. If you dial 166, you will get information on duty hospitals.
